### Yeshiva Calendar 5783 - 5784

In order to ensure a smooth transition between the zman of the Yeshiva and Bein Hazemanim, it is of utmost importance that all Talmidim, without exception, abide by these times, and make their travel plans accordingly. The presence of every Talmid at these times is crucial not only for his own well-being, but for the positive atmosphere of the entire Yeshiva. The Hanhala will strictly enforce conforming to these schedules.

The Yeshiva will be having a Yeshivas Kayitz for Bochorim of Shiur Alef and Beis. Every Talmid must attend in order to return the following year. (**Registration and tuition forms** for the Yeshivas Kayitz will be sent out separately after Pesach IYH).
